POSITION OPEN JOB OPPORTUNITY

This publication is looking for karate knowledgeable people for full time employment in sales, advertising, player ratings and/or computer data entry and graphics. The right person must be responsible, reliable, diligent, have a perseverant character and be willing to relocate to Western New York.

We are also looking for quality and reliable photo-journalists that can cover NBL national tournaments as well as people to cover NBL regional conferences. Coverage of national tournaments entitles the photo-journalist to flight and hotel accommodations. No relocation necessary.

No phone calls please - send resume to address on front cover. Photo-journalists must send examples of both their writing and photography.
